Family Owned. Customer Focused.

First of all, thank you for taking a moment to learn more about Plymate. We know that you have many options when choosing a provider for your uniforms, floor mats and corporate apparel. Terri, my sister and co-owner, and I feel there are three primary reasons why we earn and retain customers:

- Our size represents the best of both worlds – We are unburdened by big company hierarchy, enabling us to respond quickly and with flexibility to meet our customers’ needs. Yet, as members of the CSC Network, we have the purchasing power necessary to compete and thrive in today’s marketplace.

- The most experienced coworkers in the industry – The loyalty of our workforce is exhibited in our high coworker retention rate, and their attention to customer satisfaction is the core of our philosophy. Tenured coworkers who think “customer first” set us apart from the rest.

- Recognized ethical business practices – Trusting the people you do business with is paramount. Our grandfather used to point to our trucks saying, “That’s our family name. Take good care of it.” Doing the right thing is a fundamental value that everyone embraces at Plymate. We are proud to have earned statewide recognition for our ethical business conduct.

We hope you will want to learn more about our story and we would welcome the opportunity to learn yours. Please feel free to contact either of us directly.

Todd Plymate, President

Terri Plymate Warnecke, Vice President of Sales
The Plymate Difference

You can get uniforms, floor mats and corporate apparel from a number of companies. So why choose Plymate?

**We Make Service Personal**

Many companies say it, but we deliver – service is our first priority. Plymate creates customized programs for large and small companies. We’ll never offer you a one-size-fits-all solution – that’s just not the way we do business. In fact, everyone at Plymate rides along on one of our routes every year to better understand our customers’ needs.

**Award-Winning Ethics**

We’re proud to have earned the trust of our customers and our community. Plymate has been recognized and awarded for our ethical approach to business, our commitment to improving our products and services, and as a great place to work.

Some of the awards we’ve received include:

- **American Business Ethics Award**
- **Better Business Bureau Ethics Award**
- **Best Places to Work in Indiana**
- **BKD Business Excellence Award**
- **Blue Chip Community Business Award**
- **Top Work Places**

But more important to us than awards is our 96% customer retention rate. Nothing pleases us more than continually building long-term relationships with our satisfied customers. In fact, every Plymate coworker is paid a quarterly bonus based on customer retention.

**Over 80 Years of Experience**

Our company has been in business since 1930, and we have learned valuable lessons along the way. We offer the flexibility of a local, independent, family-owned business. That means you can call an owner when you need to get an answer from the top. Our decisions are based on fostering long-term relationships, not short-term results intended to please Wall Street.

“I’m always amazed at the speed at which Plymate responds to our requests or reacts to our concerns. You would think that we’re their only customer. Because of their strong customer focus, I’m sure our association will continue well into the future.”
